The data collected in this context will be deleted after storage is no longer required or processing will be restricted if there are legal obligations to retain data.

If we use contracted service providers for individual functions of our offer or would like to use your data for promotional purposes, we will inform you in detail about the respective processes below. In doing so, we will also state the defined criteria for the storage period.

#### **Use of cookies:**

In addition to the previously mentioned data, cookies are stored on your computer when you use our website. Cookies are small text files that are stored on your computer and saved by your browser. They are used to make the website as a whole more user-friendly, effective and secure.

Cookies are divided into the following subgroups:

Transient cookies (temporary use).

Transient cookies are automatically deleted when you close the browser. These include, in particular, session cookies. These store a so-called session ID, with which various requests of your browser can be assigned to the common session. This allows your computer to be recognized when you return to our website.

You can set your browser so that you are informed about the setting of cookies and only allow cookies in individual cases, exclude the acceptance of cookies for certain cases or in general and activate the automatic deletion of cookies when closing the browser.

If cookies are deactivated, the functionality of this website may be limited.

## **SSL or TLS encryption**

For security reasons and to protect the transmission of content, this site uses SSL or TLS encryption. You can recognize an encrypted connection by the fact that the address line of the browser changes from http:// to https:// and by the lock symbol in your browser line.

If SSL or TLS encryption is activated, the data you transmit to us cannot be read by third parties.

## **Contact form**

If you use the contact form, the data you enter there will be stored by us for processing your request. The information necessary for processing your request is marked separately, all other information is voluntary.

The legal basis for this processing is your consent (Art. 6 para. 1 lit. a DSGVO).

You can revoke this consent at any time. For this purpose, an informal communication by e-mail to us is sufficient. The lawfulness of the data processing operations carried out until the revocation remains unaffected by the revocation.

The data you entered in the contact form will be stored until you request us to delete it, revoke your consent to store it, or the purpose for storing the data no longer applies (e.g. after processing your request has been completed). Mandatory legal provisions, in particular retention periods, remain unaffected.

## **Registration**

When you register on our website, the data you provide will be stored by us. The data is used exclusively for the use of the service for which you have registered.

For important changes, for example in the scope of the offer or in the case of technically necessary changes, we use the e-mail address provided during registration to inform you in this way.

We use the so-called double-opt-in procedure for registration on our website. After your registration, you will receive a confirmation e-mail to the e-mail address you provided. In this e-mail you will be asked to confirm your registration. If confirmation is not received within 24 hours, your information will be blocked and automatically deleted after one month. In addition, we store your IP addresses and the times of registration and confirmation. The purpose of this procedure is to be able to prove your registration and, if necessary, to clarify a possible misuse of your personal data.

The legal basis for the processing of your data is your consent (Art. 6 para. 1 lit. a DSGVO).

You can revoke your consent at any time. For this purpose, an informal communication by e-mail to us is sufficient. The legality of the data processing already carried out remains unaffected by the revocation. The data collected during registration will be stored by us as long as you are registered on our website or you revoke your consent and will then be deleted. Legal retention periods remain unaffected.
